

Montpelier Parking Advisory Committee
December 2, 2014
Meeting Minutes

Member Attendance

Michael Clasen, Brian Cain, Richard Sheir, Nolan Langweil, Andrew Brewer

Staff in Attendance

Chief Facos Kevin Casey

Parking meter Update

Possibly delay until January as we are in the free parking period for the holidays and we will get a better gauge when the legislature is in town. IPS has configured and sent along.

Winter ban update by Chief Facos Working well at this point. The test will be the possible ice storm that is coming tonight December 2. Vt alerts has been going well.

Committee Coordination

Jessie Baker email regarding the transportation committee. Michael will circulate and coordinate Contact information for chair .Coordinate with other committees Nolan will follow up with other committees.

Parking garage status:

Discussions are In process nothing to report at the Committee level.

State street parking:

Brian Cain suggested a possible solution for the diagonal parking in front of the statehouse. While in Providence he noted that their bike lane was seasonal, and allowed parking during the winter. This seems to be an ideal solution considering that the legislative session is the busiest time of the year. Michael mentioned that in the initial discussions, confirmed that it's just paint as far as the Feds are concerned and the options are open.

Andrew was looking at the farmers market at high school. Andrew will talk to Bill Merrylees about reopening the discussion.

Kevin will look for and forward along articles on multiple uses of space for parking spaces.

Next meeting: Monday January 26th 2015 3:00-4:30pm

Agenda for Next Meeting

1. Work plan for next year
2. Member updates
3. Remote parking
