City Manager's Meeting Room

Attending: Bernie Lambek, Judy Stermer, John Van Deren, Ron Wild, Christine Zachai

1. The goal of the meeting was to debrief the June meeting with Mayor Hollar and Councilor Olson, and to develop a cohesive statement of priorities for the MCF guidelines.

3. Ron posed the question of funding capital projects, however, members did not want to develop a criterion stating that we would not fund capital projects.
4. The group discussed Bernie's proposed language, made several changes, and developed a final version:

*The Board considers the extent to which the grant will benefit Montpelier, its residents, and the public good –*

- (a) *By effectively addressing basic human needs; or*
- (b) *By enhancing the quality, vitality, and sustainability of life in Montpelier.*

*The Board considers the extent to which the applicant has raised and can raise funds from other funding sources.*
