Request by Good Samaritan Haven for a variance at Bethany Church during the winter months when the Montpelier warming shelter is open.

Meeting called to order at 8:02.

Bob said staff is comfortable with approving the variance, noting the Church has installed a fire alarm that includes a CO2 detector. Bob and Chris will visit the site just before it opens to ensure all egress points are open and clear of any obstacles.

Rosie moved to approve the request, citing alternative compliance measures and unreasonable cost burden.

Glen seconded.

It was approved.

Meeting adjourned at 8:10 a.m.
